Dear Supervisors:

### COUNTY LIGHTING MAINTENANCE DISTRICTS AND COUNTY LIGHTING DISTRICT LANDSCAPING AND LIGHTING ACT-1 ANNUAL ASSESSMENT PROCEDURE - FISCAL YEAR 2010-11 (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

#### SUBJECT

This action is to establish the Fiscal Year 2010-11 street lighting assessment rates in the County Lighting District Landscaping and Lighting Act-1, All Zones, for the unincorporated areas and 15 cities where the County of Los Angeles administers street lights pursuant to the California Streets and Highway Code.

#### **IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve and file the Engineer's Report for the proposed annual levying of assessments in County Lighting District Landscaping and Lighting Act-1 for street lighting purposes for Fiscal Year 2010-11.
2. Adopt the Resolution of Intention to Order the Levying of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2010-11.
3. Set a date for a public hearing for June 22, 2010, on the proposed continuation of Fiscal Year 2009-10 levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2010-11.
4. Instruct the Executive Officer of the Board to give notice of the public hearing by causing the Resolution of Intention to be published once in both English and Spanish language newspapers at least 10 days prior to the date of hearing scheduled for June 22, 2010, pursuant to Section 22626(a)

of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. If needed, authorize changes in any of the matters provided in the Engineer's Report, including changes in the improvements, any zones within County Lighting District Landscaping and Lighting Act-1, and the diagram which shows the district's boundaries or the proposed assessment as described in the Engineer's Report.
2. Determine to levy assessments in any amount not to exceed the recommended amounts.
3. Adopt the Resolution Confirming a Diagram and Assessment and Ordering of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2010-11, either as originally proposed or as changed by your Board. The adoption of the resolution shall constitute the levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2010-11.
4. Find that the property tax and assessment revenues collected from benefited properties will meet operating expenses and financial reserve needs and requirements; purchase supplies, equipment, or materials; provide funds for capital improvement projects, including the construction of additional street lights, and the repair and replacement of obsolete equipment with new modern equipment necessary for the proper operation of lighting facilities, in accordance with the provisions of the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972; and in the amounts shown for each maintenance district and assessment zone listed in Appendix G of the Fiscal Year 2010-11 Engineer's Report.
5. Determine that it is just and equitable, and in the public interest, that the additional cost for the expenses of the installation and maintenance of additional lights be made a charge upon the existing districts as a whole in Fiscal Year 2010-11, pursuant to Section 5843.5 of the California Streets and Highways Code.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The recommended action will establish the Fiscal Year (FY) 2010-11 street lighting assessment rates in the County Lighting District Landscape and Lighting Act-1 (CLD LLA-1), All Zones, established for the unincorporated area and 15 cities shown in Appendix H of the enclosed Engineer's Report where the County of Los Angeles (County) administers street lights. The Department of Public Works (Public Works) proposes no changes in the FY 2010-11 assessment rates, and recommends that the FY 2009-10 assessment rates be retained and continued for FY 2010-11, in the Unincorporated Zone and 15 City Zones identified in the Engineer's Report.

**Implementation of Strategic Plan Goals**

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). Renewing the street lighting assessments will provide the funding necessary for the operation and maintenance of street lighting facilities within the County Lighting Districts (CLD). In addition, this action is consistent with Community and Municipal Services (Goal 3). Maintaining street lighting services will provide for the delivery of a customer-oriented municipal service for the convenience and safety of the motoring public, as well as for the safety and security of people and property, which improves the quality of life in the County.

## **FISCAL IMPACT/FINANCING**

It is essential that your Board renew the annual street lighting assessments since the existing assessments expire annually and will lapse unless a positive action is taken by your Board to continue the supplemental funding of the operation and maintenance of the street lights within the CLD LLA 1. Financing for the installation, operation, and maintenance of street lights in FY 2010-11 will be derived from the continued assessment revenue collected from benefited property owners within the CLD LLA-1, All Zones, and by a portion of the 1 percent of property taxes that is allocated to the County Lighting Maintenance Districts (CLMD) for street lighting purposes.

## **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On March 30, 2010, your Board adopted a Resolution Ordering Engineer's Report for FY 2010-11 (California Streets and Highways Code Section 22622) ordering the Director of Public Works or her designee to prepare and file an Engineer's Report in accordance with California Streets and Highways Code Section 22566 et seq. and Section 4(b) of Article XIII D of the California Constitution for the levying of annual assessments in CLD LLA-1, pursuant to provisions of the Landscaping and Lighting Act of 1972 (California Streets and Highways Code Section 22500 et seq.) and Article XIII D of the California Constitution. The enclosed Engineer's Report was prepared in response to that directive.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in the existing CLMD. It was formed to have essentially the same boundaries as those CLMDs listed in Appendix A of the Engineer's Report. Each subsequent year, your Board has renewed annual street lighting assessments and a similar action is needed now to provide sufficient continued assessment revenues in order to keep street lights in the various County-administered CLDs fully operational during FY 2010-11.

The Landscaping and Lighting Act of 1972 (Act) sets forth procedures, which must be followed for any fiscal year during which an assessment is to be levied. The Act requires the legislative body to approve and file an annual Engineer's Report and to adopt a Resolution of Intention declaring your Board's intent to levy and collect assessments in CLD LLA-1 for FY 2010-11. The Act also requires that a public hearing be held at a regular Board meeting. During the course or upon conclusion of the public hearing, your Board may order changes in any of the matters provided in the Engineer's Report, including changes in the improvements, the boundaries of any zones within the assessment district, and the proposed diagram or proposed assessment. Your Board can also close the hearing to testimony and delay your determination regarding the assessments until a later date or continue the public hearing to receive further testimony and make your determination regarding the assessment at the close of the public hearing continuance. However, according to Section 22629 of the California Streets and Highways Code, the hearing may not be continued beyond August 10, 2010, without the prior consent of the Auditor-Controller.

The Act provides for the assessment of street lighting costs against the benefited properties within CLD LLA-1 by any formula or method which fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by your Board on May 22, 1979, and amended on July 22, 1997, to include Government-owned parcels. The report showing the approved method and the assessment units to be assessed on the various types of lots or parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

This same method is used to compute the FY 2010-11 assessments.

The California Streets and Highways Code Section 22623 provides that your Board may approve the Engineer's Report as filed or modify the Engineer's Report and approve it as modified.

## **ENVIRONMENTAL DOCUMENTATION**

Adoption of the proposed resolutions for determining and levying the annual street light assessments for FY 2010-11 is for the purpose of meeting operating expenses and, therefore, is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 21080(b)(8) of the California Public Resources Code and Section 15273(a) of the State CEQA Guidelines.

## **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Preparing an Engineer's Report is consistent with the current services regularly conducted by Public Works. The levying of the annual assessments is required to provide for the operation and maintenance expenses incurred for the proper operation of lighting facilities.

## **CONCLUSION**

Please return one adopted copy of this letter and the signed resolutions to the Department of Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of this letter and signed resolutions to the County Assessor, Ownership Services Section (Attention Angela Gadsden); and to the Auditor-Controller, Tax Division (Attention Kelvin Aikens).

**ENGINEER'S REPORT**  
**FISCAL YEAR 2010-11**

On March 30, 2010, the Board of Supervisors of the County of Los Angeles designated the Director of Public Works or her designee as the Engineer and adopted a resolution ordering the Director of Public Works or her designee to prepare and file an Engineer's Report for Fiscal Year (FY) 2010-11, in accordance with Section 22566 of the California Streets and Highways Code and Section 4(b) of Article XIII D of the California Constitution, for the levying of annual assessments in All Zones within County Lighting District Landscape and Lighting Act-1 (CLD LLA-1) for street lighting purposes. The annual levying of assessments is necessary in order to provide supplemental funds for the continued operation of existing County Lighting Maintenance and Assessment Districts. This Report is prepared in response to the above directive to address All Zones within CLD LLA-1.

The County Lighting Maintenance Districts (CLMD) are established street lighting districts. Prior to the enactment of State Constitutional Amendment XIII-A in 1978, which placed a limit on the maximum amount of ad valorem tax increases on real property, the operation and maintenance of street lights within the maintenance districts were fully funded by ad valorem property taxes. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passing of this amendment were not sufficient to pay the cost of street lighting services within the maintenance districts.

The CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the existing CLMD. It was formed to be essentially co-extensive with those existing lighting maintenance districts listed in Appendix A hereof. Its boundaries include unincorporated territory plus areas within the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Canada Flintridge, La Mirada, La Puente, Lawndale, Lomita, Malibu, Palmdale, Paramount, Rolling Hills Estates, and Walnut. CLD LLA-1 has a separate zone for the unincorporated territory and for each City encompassing only the area within the City currently within an existing the CLMD. The designation for each zone is the name of the City within which it lies.

Lighting district maps showing a diagram of each existing zone within CLD LLA-1, and indicating the general nature, location, extent of improvements, the exterior boundaries of each zone, and lines and dimensions of each lot or parcel located therein, are on file with the Board of Supervisors of the County of Los Angeles in the Kenneth Hahn Hall of Administration, and are made a part of this report by reference.

Maps of subdivisions annexed to CLD LLA-1 pursuant to Section 22608.2 of the California Streets and Highways Code, subsequent to the formation of the CLD LLA-1, are on file in the office of the County Assessor.

New subdivisions and single-lot developments processed for annexation to the lighting districts or developed within the existing boundaries of the lighting districts, and whose operational costs were transferred from a subdivider's account to a lighting district account during FY 2009-10 are listed in Appendix B. The number and size of street lights installed and the estimated annual operating costs for each new subdivision or single-lot development, together with the zone in which the development is located, is also listed in Appendix B. Maps of the annexation and the type and location of the improvements installed by the developers of these subdivisions are shown on maps on file with the Department of Public Works (Public Works).

Information regarding additional street lights authorized for installation within the existing boundaries of the lighting districts during FY 2009-10, in response to specific requests, and in compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq., is shown in Appendix C. Maps showing the type and location of the improvements are shown on maps on file with Public Works.

Annexations of territories by petition of the property owners, together with the number and sizes of street lights as approved by the Board of Supervisors during FY 2009-10, are shown in Appendix D. Maps of the annexation and the type and location of the improvements are shown on maps on file with Public Works.

In compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq., the number, lamp type and size, and estimated annual energy costs of highway safety lights installed within the Unincorporated, Diamond Bar, and Paramount Zones during FY 2009-10 are shown in Appendix E.

All benefited parcels of real property located within the CLMD and Assessment Zones are identified by the 2009-10 Tax Rate Area Report and Assessor Parcel Numbers listed in Appendix F.

The diagram of each CLMD and Assessment Zone, and the lines and dimensions of each lot or parcel of land located therein, are more particularly described in maps prepared in accordance with Section 327 of the California Revenue and Taxation Code, and are on file in the office of the County Assessor and are made a part of this report by reference.

Section 22573 of the California Streets and Highways Code provides for assessment of street lighting costs upon the benefited properties within CLD LLA-1. The Section states, "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended by the Board on July 22, 1997, to distribute costs among governmental-owned or leased parcels in accordance with the provisions of Article XIII D of the California Constitution. The July 22, 1997, amendment currently applies to governmental-owned or leased parcels within the Calabasas, Lomita, Palmdale, and Paramount Zones, where benefited property owners within these Zones have previously approved an assessment increase pursuant to these provisions. In future years, the amount of the assessment for the Calabasas and Lomita Zones may be automatically increased based on California Public Utilities Commission approved rate increases for the Southern California Edison street lighting charges. For the Palmdale and Paramount Zones, the amount of the assessment may be automatically adjusted annually by the cost of living based on a factor calculated by using the Consumer Price Index (CPI) for the Los Angeles-Riverside-Orange County Area for All Urban Consumers. There are, however, no assessment increases proposed in the Calabasas, Lomita, Palmdale, and Paramount Zones in FY 2010-11. The report showing the approved method and the number of usage units assigned to the various land use categories on the basis of benefits received is on file with the Executive Office of the Board of Supervisors.

Certain cities with County-administered lighting districts have requested certain street lighting upgrades and/or capital improvement projects be implemented within their respective zones during FY 2010-11. Funds collected pursuant to the Improvement Act of 1911 and Landscaping and Lighting Act of 1972 may be used for certain street light upgrades or capital improvements. Revenues designated for street light upgrades and/or capital improvement projects in the Unincorporated and City Zones are included in Appendix G.

The estimated costs of operating CLD LLA-1, Unincorporated Zone, and the 15 City Zones located therein, during FY 2010-11 are shown in Appendix H. An evaluation of these estimated costs has been made and all such estimated costs appear to be reasonable and appropriate. Appendix H also lists the proposed assessment rate per unit for FY 2010-11 and the amount of assessment revenue estimated to be raised by the assessment for each Zone within CLD LLA-1. No changes in the assessment rates over FY 2009-10 rates are proposed for FY 2010-11. If the proposed assessments for FY 2010-11 are not approved, it will be necessary to reduce street lighting services to stay within the operating revenues.
